3 About IIA Sweden

Established in 1951, IIA Sweden is the Swedish Institute within The Institute of Internal Auditors (IIA) which is an international professional association with global headquarters in Altamonte Springs, Florida, USA. The IIA is the internal audit profession's global voice, recognized authority, acknowledged leader, chief advocate, and principal educator. Members work in internal auditing, risk management, governance, internal control, information technology audit, education, and security.

With more than 165,000 members from all over the world, The IIA is the internal audit profession's global voice, recognized authority, acknowledged leader, chief advocate, and principal educator.

IIA Sweden, with some 630 members, signed an Institute¹ Agreement with The Institute of Internal Auditors (IIA) on November 18, 2008.

The new agreement set up a new partnership between IIA and IIA Sweden reflected in this new agreement through "commitments" rather than "rights" and "obligations, renewing our commitment to jointly build a truly global organization, united in its common mission and purpose, and flexible to accommodate local preferences.

We work in accordance with the IIA strategy that by 2013:

- 1) Internal Auditing is universally recognized as a profession.
To Accomplish this The IIA:
- 2) Defines the principles of the profession and assures that the principles are available seamlessly worldwide.
- 3) Assures adherence to professional requirements.
- 4) Is the preferred provider in the research, development and dissemination of knowledge to advance the profession.
- 5) Is seen by its members and operates as one global organization.
